

WENATCHEE VALLEY MUSEUM
& CULTURAL CENTER PRESENTS

MY SKY

IN COLLABORATION WITH NASA

This immersive, fun, and inspiring exhibit will engage children, families, and adults in joyful discovery experiences that foster an appreciation of the world, develop foundational science skills, and spark a lifelong love of learning.

**SUPPORT STEM EDUCATION, SCIENTIFIC
THINKING, AND HANDS-ON TEACHER
TRAINING IN OUR COMMUNITY!**

In coordination with the exhibit, partnerships with Pacific Science Center, Eastmont School District, and the North Central Education Service District will provide science and engineering workshops for educators in August. In turn, they will have an opportunity to bring their students to experience My Sky at the museum, and potentially bring a space program to their school. Exhibit dates are Oct 4, 2019 - Jan 4, 2020.

**HELP BRING MY SKY TO
THE MUSEUM THIS FALL!**
